

# WELCOME 😊

Hello Mrs Ebdon,

We are your digital leaders who are presenting to you about all of the technology we own and how we could improve it.

Some of the things we will be discussing are:

Ipads/iPad trolley

Headphones

Smart boards

Printers

Computers

Y6- Isla, Lily, Olawale and Toma

Y5- Christopher and Durotimi

## WHY YOU ARE HERE TODAY...

We would like to kindly ask for some new computing items so that in doing so the pupils will be happy and will be able to achieve new key skills for later life!

**THANK YOU MRS EBDON !!!**

Before we begin we just want to take a moment to thank our wonderful head teacher Mrs Ebdon for all she has done for this school the teachers and most importantly all the pupils.

# IPADS...

We need more iPads...

- So that we get more time to complete our AR tests as it is tricky to get round everyone with only 3 per class.
- Some of them are old and they glitch when using them.
- There isn't enough in the whole class set for one each.

# WHY DO WE NEED A IPAD TROLLEY?

We need a Ipad trolley...

- So we can transport Ipad to classrooms easily
- To save teachers workloads
- So we don't always have to recharge them in classrooms because it's a portable charging spot
- All the digital leaders can help with the iPad trolley.

# REASONS FOR NEW HEADPHONES...

[CN-Outlet Classroom Headphones for Kids in Bulk Multi Colored 20 Pack, Wholesale Over Ear Student Head Phones Perfect for Schools, Libraries, Computer Lab, Testing Centers, Museums, Hotels \(20Pack\):Amazon.co.uk: Electronics & Photo](#)

1. First of all, they keep on breaking causing them to not produce sound properly.
2. Secondly, they are currently tangled, which confuses people as they don't know whose is whose.
3. Most of the computers don't connect with the headphones, so when we try to watch a video, the sound bursts out.

# WHY DO WE NEED NEW SMART BOARDS?

We need a new smart board...

- The teachers are finding the freeze and unfreeze button tricky to use.
- Some teachers are finding the pens tricky to use and work with. Mrs Murphy has had trouble with the pen size for 2 years now.
- The camera doesn't always connect to the smart board.
- Some of the smart boards are really old and need to be brighter.

# WHY DO WE NEED NEW PRINTERS?

[Buy Canon PIXMA MG2555S  
Colour 3-in-1 Inkjet Printer —  
Canon UK Store](#)

[Cheap HP 304 Colour Ink  
Cartridge \(Original\) | First Class  
Delivery \(cartridgeshop.co.uk\)](#)

We need new printers...

- They are damaged.
- Can't print out in colours so when we are needing something in colour in our books, our learning is effected. However, we do understand that colour printing is expensive. Maybe we could use the colour function on important occasions?

**As digital leaders we have found a printer and some cartridges that are good value for money.**

# COMPUTERS

We are very grateful...

Thank you very much for making the computers in the ICT Suite quicker! It has made a huge impact on our learning and we are getting more time to complete our tasks as we are not having to wait for them to load.

We have interviewed staff and this is what they have said...

Mrs Duggan: 'It saves teachers so much time!'

Miss Fenech: 'The children are enjoying ICT a lot more!'

Miss Cole: 'The children are a lot more engaged!'

**THANK YOU MRS EBDON !!!**

We would appreciate it if you considered some of our ideas and we look forward to hearing your response! 😊
